

Bookmarks

This feature allows you to add a menu or submenu from the platform to your favorites for quick and easy access.

STEP 1

To add a menu or submenu to your favorites, go to **the menu** or **submenu** you want to save from the dashboard.

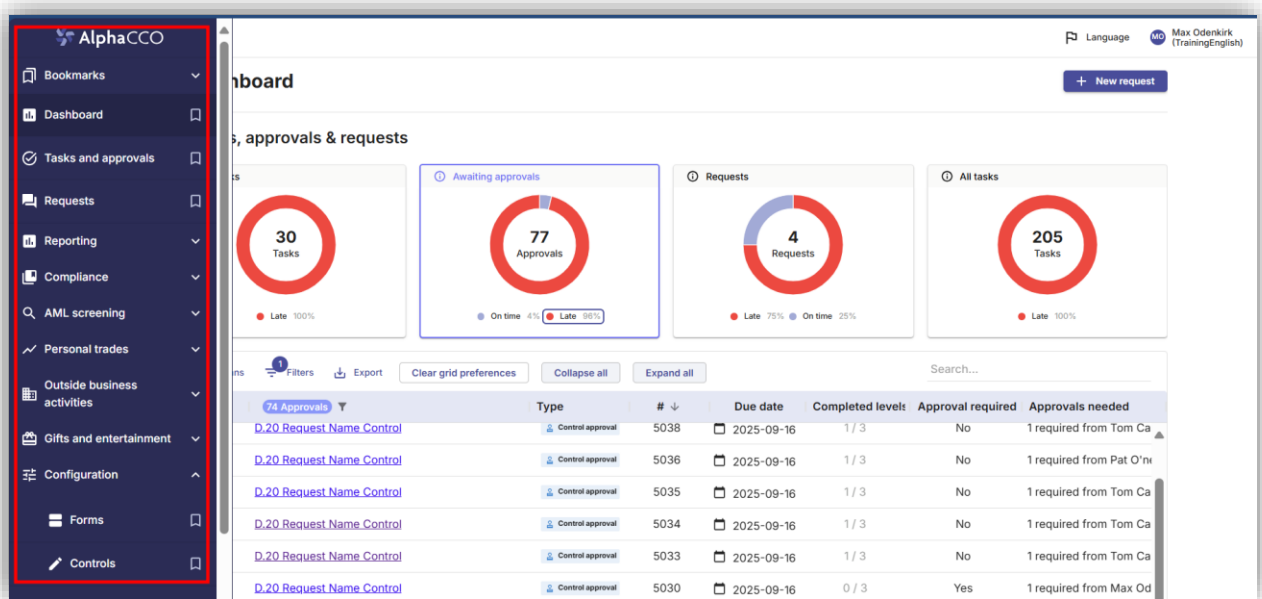

Figure 1: Dashboard with the different menu options

STEP 2

Once you have identified the menu or submenu, click on the corresponding symbol (🔖) to add it to your bookmarks. You can add several menus or submenus to your bookmarks.

STEP 3

Once added, the menus or submenus appear in the **Bookmarks** submenu. You can then access them directly from this menu.
